

Kindness

لَقَدْ جَاءَكُمْ رَسُولٌ مِّنْ أَنفُسِكُمْ عَزِيزٌ عَلَيْهِ مَا عَنِتُّمْ حَرِيصٌ عَلَيْكُم بِالْمُؤْمِنِينَ رَءُوفٌ رَّحِيمٌ

There has certainly come to you a Messenger from among yourselves. Grievous to him is what you suffer, for he is concerned over you and to the believers he is kind and merciful.

FROM THE ASSISTANT PRINCIPAL

Asalaam Alaikum Wa Rahmat Allah
Sisters and Brothers.

It is with great excitement that I write this letter of introduction to you as a returning member of the EIA family. I am back as an assistant principal of the Early Childhood Learning Center (ECLC) KG/Grade 1. I am honored to have the opportunity to assist the leadership team steer the academy with such dedicated students, an extremely committed staff, and a supportive school community. I feel very fortunate to be part of this institute and to support the staff, students, and families.

We look forward to the transition to the new ECLC facility later this year.

I have dedicated over 35 years to the field of education. With me comes a large bank of tried and tested best teaching/learning strategies and educational programs. In my career journey I've worked with students ranging in age from Kindergarten through 6th grade in a variety of roles. Most of my career as an educator was in my hometown of Lac La Biche. Also, I was honoured to be the assistant principal for division one at the academy for three prior years. Truly, I am thrilled to bring my skills as an educator and leader to the school and to work with you as a partner in education.

It is my belief that education is a life-long process and I expect that I will continue to learn much about the uniqueness of EIA and the community this year and in the years to come. Most importantly, I believe that with Islamic ethics, our students are at the center of all school-related decisions. I am excited to unite my experience,

my openness to learn, and my child-centered approach to support our students. Relationships between teachers, administrators and families are vital to the success of our students and school.

I encourage you to come and meet with me at the open house on September 14th. I am beyond excited to meet all of you.

Mariam K. Abougouche
Assistant Principal KG - Grade One

ISLAMIC PERSPECTIVE:

Abud-Darda (May Allah be pleased with him) reported:

The Messenger of Allah (ﷺ) said, "He who follows a path in quest of knowledge, Allah will make the path of Jannah easy to him. The angels lower their wings over the seeker of knowledge, being pleased with what he does. The inhabitants of the heavens and the earth and even the fish in the depth of the oceans seek forgiveness for him. The superiority of the learned man over the devout worshiper is like that of the full moon to the rest of the stars (i.e., in brightness). The learned are the heirs of the Prophets who bequeath neither dinar nor dirham but only that of knowledge; and he who acquires it, has in fact acquired an abundant portion."

[Abu Dawud and At- Tirmidhi]

Tips for Reading Success at Home

"We need to stop reading being seen as something children just do in school and put it back into competition with computers, videogames, films and DVDs as a fun way to spend free time. Seeing reading as something that happens at home and is shared by everyone in the family is key."
Christopher Edge

1. Make books a part of family life – Always have books around at home. That way you and your children are ready to get reading, even if it's only for ten minutes.
2. Join your local library – Get your child a library card. They'll be able to get their hands on hundreds of fantastic books. Let them choose what they want to read to help them develop their own interests.
3. Read about something they're interested in – Help your child find the right book for them. It doesn't matter if it's fiction, poetry, comic books or non-fiction.
4. All reading is good – Don't rule out non-fiction, comics, graphic novels, magazines or leaflets. Reading is reading and it's all worthwhile.
5. Get comfortable! – Snuggle up together somewhere warm and cozy, whether it's in bed, on a beanbag or on the sofa. And make sure your child has somewhere comfy to read on their own too.
6. Ask questions – To keep them interested in the story, ask your child questions as you read. Start with 'Where did we get to last time?', 'Can you remember what's happened so far?' and 'What do you think will happen next?'.
7. Read whenever you get the chance – Have a book or magazine with you for any time your child has to wait, like at the doctor's or the dentist.

8. Read favourites again and again – Encourage your child to re-read the books and poems they love. Re-reading helps to build fluency and confidence.
9. Enjoy bedtime stories – Read with your kids at bedtime as often as you can. It's a great way to end the day and to spend valuable time with them.
10. Make the most of rhyme and repetition – Books and poems with rhymes and repeated words or phrases are great for getting your kids to join in and remember the words.
